College of Health Professions Mission and Value Statements

The College of Health Professions provides a transformative education grounded in the Mercy and Jesuit traditions. We are committed to prepare compassionate and competent health professionals, who are dedicated to serve and lead while respecting diversity and human differences, valuing social justice, and advocating for equitable healthcare within a global society.

Guiding Values

- **Learning:** We commit to academic excellence that fosters integrity, intellectual rigor, personal development, and student-centered learning in an environment that values reflection and inclusivity.
- **Mercy:** We commit to heartfelt solidarity with those suffering and in need, and to engage in transformative acts of mercy and justice; love, compassion, forgiveness, caring, and kindness.
- **Justice:** We commit to confronting oppressive systems as we recognize all persons' innate dignity and uniqueness reflected in the principles of Catholic Social Teaching and the Mercy and Jesuit traditions.
- **Service:** We commit to selfless service and advocacy in recognizing and responding to the needs of all with a focus on the disadvantaged, underserved, and vulnerable populations.
- **Community:** We commit to collaborating with others at a local, national, and global level, whose mission is to improve health equity, eliminate health disparities, and enhance health outcomes.

Academic Program Plans

minimal competency will be required to complete remediation. Students will earn an incomplete in their final course (NUR 6250) and will not be certified for the national certification exam until

Raise her/his cumulative average to 3.0 within the completion of 6 credit hours of graduate course work in which a letter grade is rendered.

Be aware that failure to raise the cumulative average to a 3.0 within the specified time frame will result in the student's dismissal from the program.

Be aware that a failing grade in a graduate nursing core course is a grade less than B-. A student is afforded the opportunity to repeat a core nursing course in which they receive a grade less than B-. Two courses with a grade less than B- will result in the student's dismissal from the program.

The progress of a student on probation is reviewed by the Graduate Director and office of the Associate Dean at the end of the semester of probation. At this time, the student's progress is reviewed, and the student may have the probation status lifted, continued on probation or dismissed.

Graduate students on probation have the privilege of applying for admission to another college, school, or program within the McAuley School of Nursing. If accepted by that school, the student may be admitted on probationary status.

Academic Dismissal

Dismissal will occur when a student has been placed on academic probation for poor academic performance and not achieved a 3.0 cumulative quality point average at the subsequent completion of 6 credits of graduate coursework in which a letter grade is rendered.

A student who fails a graduate course in the program will be afforded the opportunity to repeat the course. A student who is unsuccessful in two graduate courses will be dismissed and may appeal the dis

6. The meeting to discuss the appeal request is considered a conflict resolution mechanism and is not a judicial proceeding. A student may not be represented by legal counsel in any hearing or record the proceedings of any hearing. Students may be accompanied by one support person (not an attorney) at this meeting. This support person is not allowed to speak unless called upon by the committee. Students may be asked not to bring in personal belongings other than written notes and supporting documentation. The student is allowed to take notes during the hearing. 0
7. After meeting with the student, the committee will make a recommendation to the program administrator. (t)-2 (e)4 (7)-2 -1 (not)-2 ((b-1 ()-10 ,)2 (tT)-2 346 (w)4 (ill ma)6 (k))TJT1 (ng) .72 0 d6o3.2 jEBT15f1

required to carry additional liability insurance. ENP students must have evidence of current BLS, ACLS, and PALS while enrolled in clinical courses.

The MSON utilizes the ACEMAPP (Alliance for Clinical Education Matching and Placement Program) for all graduate programs except Nurse Anesthesia. (www.acemapp.org) ACEMAPP is a secure, online, clinical rotation matching, student on-boarding, and document storage solution for clinical sites, schools and consortia. ACEMAPP is a system to certify educational and healthcare institutions that students have completed certain requirements prior to the start of their clinical placement. This is a web-based online learning system and provides the vehicle for centralized record keeping of the HIPPA, OSHA, and Blood Borne Pathogens requirements that all of the health systems in Southeast Michigan require. The ACEMAPP System is also a centralized record keeping system for the student's demographic information and student's immunization, CPR, and TB results.

All students must enroll annually in ACEMAPP once their clinical course sequence begins, which is a State system where we complete documentation of the above materials and request clinical placement with many of our clinical affiliations. Before you are scheduled to begin a clinical rotation or internship, you will get a notice to your Detroit Mercy email account from the ACEMAPP system on how to sign-on the system and proceed. There is an annual fee for the ACEMAPP system. Students are required to renew the ACEMAPP and complete required modules annually. Once you are registered and sign-on, you can upload many of the required documents (except the Emergency Contact Form and signed physical clearance form) and complete the annual OSHA and HIPPA modules. Directions on how to upload documents are included in an attached document. If you wish, you can submit all required documents. The ACEMAPP system will notify when documents are ready to expire. It is the student's responsibility to stay abreast of the requirements and remain up to date.

For Nurse Anesthesia students: Nurse Anesthesia students are required to use Typhon
